

IBEW-ATC Vegetation Management Safety Liaison

American Transmission Company, IBEW locals 2150/953/876, Asplundh Tree Expert Co., Nelson Tree Service, and Zielies Tree Service are looking for a Vegetation Management field safety liaison position.

The safety liaison will:

- Hold a journey level certification and have significant utility vegetation management experience with a reputation for working safely.
- Spend the majority of work time visiting VM maintenance crews advocating for the safety of VM workers throughout the ATC footprint in Wisconsin and Michigan.
- Be in the bargaining unit while in the position, classified similarly to a Foreman.
- Report directly to an IBEW Business Manager and ATC Prevention & Response Manager.
- Report information in a way that will honor contractor confidentiality and will not implicate individuals or groups of individuals with respect to safety concerns. Reported information will not be used for punitive or disciplinary purposes except certain critical rules will be discussed directly between ATC and the applicable local union and contractor.
- Additional information related to roles, responsibilities and expectations of the position are also available upon request

Experienced Trimmers that are interested in being considered for the safety liaison position need to submit a resume by 3/17/23 to IBEW 2150 Business Agent Fran Crawley (fcrawley@ibewlocal2150.com or 262-252-2552 ext. 224). General questions about the role can be directed to one of the current safety liaisons or any of the organizations listed above. The liaison will be interviewed and selected by the unions, contractors and ATC.
